Suggestion to the questions 1 - 7

Question 3 – it is possible to work as carer in kindergarten but not in nursery;

Question 4 – it depends on the potential of the candidates, a group of participants should be chosen well

Question 5 –

„Management of education” should be added subject on self-employment;

„internship” should be added information on the legal responsibility of the guardian;

There are no subjects regarding working with particularly gifted children;

Issues regarding first aid should be extended;

Lack of training regarding care for disabled children

Question 6 – it depends on the potential of the candidates, a group of participants should be chosen well, recommended hours in the modules should be more flexible

Question 7 – it is worth adding the assessment with a practical test of childcare

Strengths

- Comprehensive, includes all the necessary aspects;**
 - A comprehensive approach to children's development;
 - A large spectrum of employment opportunities;
- Acquiring IT skills and new technologies that are often missing for people aged 50+;**
 - Issues related to proper nutrition;
 - Universal teaching methods;
- Review of the theory of development, upbringing and education of children;**
 - Attractive topics;
- Clear assumptions of the program;**
 - Responds to the demand reported by jobseekers;
 - Increases the competence of caregivers who have worked so far without preparation;
 - It will allow to provide more professional care;
 - Emphasis on the emotional development of the child;
 - Modules allow flexibility;
 - Internship

What to add or change?

- Develop the subject of care over the sick child;
- Add a care module for a disabled child;
- Participation in the course should be preceded by an interview with a psychologist and/or a vocational counselor - it is important to choose people who are open to new knowledge and change their attitude (right motivation of candidates);
- Add discussion in each module;
- Add a module related to computer and foreign language learning;
- Activities related to dealing with emotions; reaction in a stressful situation; Appropriate reaction to good bad/aggressive behavior of children;
- Increasing the practice;
- Addition of outdoor activities,
- Education in ecology, nature and manual skills of children;
- Work with talented children;
- Addition of the problems related to cultural and religious differences;
- Names of modules;
